Activity Course: No
CIP Code: 12.0401
Assessment Mode: Portfolio
Semester Taught: Upon Request
GE Category: None
Separate Lab: No
Awareness Course: No
Intensive Writing Course: No

Prerequisites
COS 111 or concurrent enrollment in COS 111

Educational Value
Provides further training in cosmetology for those preparing to become a licensed cosmetologist.

Description
Continuation of COS 111. Intermediate level of instruction in permanent waving, chemical straightening, curling, shampooing, and hairstyling. Students will be instructed in basic manipulative skills, knowledge and safety precautions when giving chemical wave or chemical relaxer. Designed to bring student up to an advanced level.

Supplies
Student cosmetology kit
Competencies and Performance Standards

1. **Use proper terminology for chemical reformation, shampooing, and hairstyling.**
   
   **Learning objectives**
   
   *What you will learn as you master the competency:*
   a. Identify proper cosmetology terms.
   b. Define cosmetology terms related to chemical reformation, shampooing, and hairstyling.

   **Performance Standards**
   
   *Competence will be demonstrated:*
   - during supervised clinicals
   - in completion of Phase II Exam
   
   *Criteria - Performance will be satisfactory when:*
   - learner identifies proper cosmetology terms
   - learner defines cosmetology terms related to chemical reformation, shampooing, and hairstyling

2. **Demonstrate chemical reformation techniques.**

   **Learning objectives**
   
   *What you will learn as you master the competency:*
   a. Match rod sizes with expected hair results.
   b. Demonstrate proper blocking and wrapping patterns.
   c. Explain procedures for chemical waving.
   d. Explain procedures for chemical relaxing.
   e. Demonstrate proper safety precautions for chemicals.
   f. Explain proper first-aid procedures for chemicals.

   **Performance Standards**
   
   *Competence will be demonstrated:*
   - during supervised clinicals
   - in completion of Phase II Exam
   
   *Criteria - Performance will be satisfactory when:*
   - learner matches rod sizes with expected hair results
   - learner demonstrates proper blocking and wrapping patterns
   - learner explains procedures for chemical waving
   - learner explains procedures for chemical relaxing
   - learner demonstrates proper safety precautions for chemicals
   - learner explains proper first-aid procedures for chemicals

3. **Demonstrate shampooing procedures.**

   **Learning objectives**
   
   *What you will learn as you master the competency:*
   a. Demonstrate a full shampoo technique.
   b. Demonstrate rinse techniques.
   c. Identify potential dangers, cautions, and procedures for applying rinses.
d. Identify and correct preprocessed hair.

**Performance Standards**

*Competence will be demonstrated:*

- during supervised clinicals
- in completion of Phase II Exam

*Criteria - Performance will be satisfactory when:*

- learner demonstrates a full shampoo technique
- learner demonstrates rinse techniques
- learner identifies potential dangers, cautions, and procedures for applying rinses
- learner identifies and corrects preprocessed hair

4. **Demonstrate hairstyling techniques.**

**Learning objectives**

*What you will learn as you master the competency:*

- Identify hair structure and condition as related to hairstyle.
- Define terms as related to modern hairstyling.
- Demonstrate proper hair curling techniques.
- Demonstrate blow drying techniques.
- Demonstrate iron curling techniques.
- Demonstrate combing and brushing techniques.

**Performance Standards**

*Competence will be demonstrated:*

- during supervised clinicals
- in completion of Phase II Exam

*Criteria - Performance will be satisfactory when:*

- learner identifies hair structure and condition as related to hairstyle
- learner defines terms as related to modern hairstyling
- learner demonstrates proper hair curling techniques
- learner demonstrates blow drying techniques
- learner demonstrates iron curling techniques
- learner demonstrates combing and brushing techniques

**Types of Instruction**

Classroom Instruction
Demonstration
Supervised Practicals
Grading Information

Grading Rationale
Customer service skill 33.3%
Performance/technical skill 33.3%
Clinic work 33.3%

Grading Scale
A  90% - 100%
B  80% - 89%
C  70% - 79%
D  60% - 69%
F  Below 59%
