Activity Course: No
CIP Code: 12.0401
Assessment Mode: Portfolio
Semester Taught: Upon Request
GE Category: None
Separate Lab: No
Awareness Course: No
Intensive Writing Course: No

Prerequisites
COS 125 or concurrent enrollment in COS 125

Educational Value
Provides knowledge of cosmetology, at an intermediate level, for those preparing to become a licensed manicurist or cosmetologist.

Description
Second course for students seeking a cosmetology or manicuring license. Emphasis is on additional skill building in areas covered in Manicuring I including bacteriology, sanitation, and disinfection, safety in the salon, and professional image.

Supplies
Student cosmetology kit
Competencies and Performance Standards

1. Perform manicuring services at an advanced level.
   
   **Learning objectives**
   What you will learn as you master the competency:
   a. Perform the steps in pre-service.
   b. Perform a variety of manicuring techniques.
   c. Demonstrate nail repair techniques.

   **Performance Standards**
   Competence will be demonstrated:
   o during supervised practicals
   o on the clinic floor
   o in completion of Phase I Exams
   Criteria - Performance will be satisfactory when:
   o learner performs the steps in pre-service
   o learner performs a variety of manicuring techniques
   o learner performs nail repair techniques

2. Practice sterilization, sanitation, and disinfection procedures.
   
   **Learning objectives**
   What you will learn as you master the competency:
   a. Distinguish between harmful and helpful bacteria.
   b. Identify common sources of infections in the salon.
   c. Analyze the need for sterilization, sanitation, or disinfection.

   **Performance Standards**
   Competence will be demonstrated:
   o during supervised practicals
   o on the clinic floor
   o in completion of Phase I Exams
   Criteria - Performance will be satisfactory when:
   o learner distinguishes between harmful and helpful bacteria
   o learner identifies common sources of infections in the salon
   o learner analyzes the need for sterilization, sanitation, or disinfection

3. Practice proper safety procedures for using manicuring chemicals and equipment.
   
   **Learning objectives**
   What you will learn as you master the competency:
   a. Describe proper ventilation.
   b. Identify overexposure.
   c. Recognize cumulative trauma disorders.
   d. Describe safety precautions when working with electricity, UV lights and LED lights in manicuring procedures.
   e. Describe safety check of electrical equipment.
**Performance Standards**

*Competence will be demonstrated:*
- during supervised practicals
- on the clinic floor
- in completion of Phase I Exams

*Criteria - Performance will be satisfactory when:*
- learner describes proper ventilation
- learner identifies overexposure
- learner recognizes cumulative trauma disorders
- learner describes safety precautions when working with electricity, UV lights and LED lights in manicuring procedures
- learner describes safety check of electrical equipment

4. **Exhibit a professional image.**

**Learning objectives**

*What you will learn as you master the competency:*

a. Practice proper salon conduct.
b. Demonstrate professional ethics.
c. Exhibit a professional appearance.

**Performance Standards**

*Competence will be demonstrated:*
- during supervised practicals
- on the clinic floor
- in completion of Phase I Exams

*Criteria - Performance will be satisfactory when:*
- learner practices proper salon conduct
- learner demonstrates professional ethics
- learner exhibits a professional appearance

**Types of Instruction**

- Classroom Instruction
- Demonstration
- Supervised Practicals
- Actual Work Experience

**Grading Information**

**Grading Rationale**

<table>
