SMALL WOODWORKING CONTEST

WHO: Open to all high-school students, limited to three students per school

TIME: Projects will be accepted from 7-9 a.m. on contest day.

WHERE: EAC College Activities Center, North Campus

OVERVIEW

The event will showcase small wood projects made at your high school. To be involved, you should craft and enter a small wood project made during the 2018-2019 academic school year. Only three projects per school can be entered to be judged. You, and your instructor, design and create a small wood project for the competition. Do not let the low project cost hinder your imagination; a very small wood project can be just as high quality as larger ones. Example ideas: wood chair, jewelry box, clock, wood toy, etc.

GENERAL GUIDELINES

- The project must have a wood material cost under \$100.
- The project must be small enough that one person can carry it.
- The project's maximum weight must weigh 30 pounds or less.
- The project must be small enough to fit on a seat to be transported in a school bus.
- The project must have a legible fabrication plan (drawing) that has been altered, or created and designed by the students with the help of an instructor.
- Display Times: Beginning at 7 a.m. until after lunch (1 p.m.)

JUDGING CRITERIA

Pieces will receive ratings of 1–20 with "1" meaning poor and "20" meaning excellent. Ratings will be based on the following:

- Design Difficulty
- Joinery
- Sanding
- Finish
- Craftsmanship
