Arrival Information
Welcome to Eastern Arizona College’s Residence Life!

We are glad you have elected to be a residential student and to experience the benefits living on campus provides. Each of you will contribute to Eastern Arizona College’s Residence Life. As you live, work, study and socialize, you will learn to appreciate other people for their unique qualities and abilities. You should expect to regulate your own behavior and be considerate of those around you at all times. Regulations are in place to protect the individual rights of everyone. This handbook defines the regulations and provides a guideline for harmonious living in our campus community.

**Philosophy –**

The Residence Life Staff supports the rights of residents to live in an environment where they feel safe, secure, and comfortable. Part of the challenge of residential living is learning to respect the rights of others in relation to your own needs and taking responsibility for your actions. To ensure residents are able to live together in a positive environment, the Residence Life staff has developed standards for community behavior. Such policies designed are not only for your benefit, but also for the benefit of those around you.

**Housing Goals –**

A clear description of the goals of campus housing will provide a better understanding for the basis of Residence Life Regulations. The residence halls exist to provide a convenient, affordable, pleasant and safe place for students to live while attending classes.

The purpose of campus housing is:

- To contribute to student success in educational experiences
- To provide an environment which considers each individual as a responsible adult
- To provide supplemental learning experiences appropriate to human growth and development
- To promote healthy social development and opportunities to get to know other residents in an atmosphere of mutual respect
- To provide an overall program which will help residents develop self-discipline patterns and time management best suited to their needs

We look forward to your positive contributions to Eastern’s Residential Life!

Eastern Arizona College - Title IX Policy and Regulation Statement (eac.edu)

Additional information concerning the Student Code of Conduct and the Non-Academic Grievance procedures can be found in the EAC’s online General Catalog page 32 at: http://eac.edu/Academics/Catalogs/PDF/Catalog_All.pdf
As mature, law-abiding and responsible adults, your behavior is expected to:

- Enhance both the campus and local community;
- Be respectful of the rights and property of others;
- Be in accordance with national, state, and local laws;
- Follow guidelines addressed in the Student Handbook, General Catalog, Residence Life Handbook, hall meetings, and other publications deemed appropriate;
- Be in good taste at all times, as well as, Dress, language, and behavior should be appropriate to an educational environment; and
- Be respectful of College property, personnel, other students, and visitors to the College campus.

**Student Conduct**

The primary concern in Residence Life is the well-being of all residents and students. If you put your interests above that of the hall community, you may be in conflict with EAC Code of Conduct and/or Residence Life policies. Any resident in violation of campus and/or hall policies should expect a request to attend a student conduct hearing and be accountable for resulting consequences/sanctions.

Student Conduct / Residence Life violations will be documented and may require you to meet with Head Resident to review Hall/Residence Life policy and chart a course of resolution of violation.

Violations will also result in notation/documentation of the incident permanently placed in your Residence Life file.

Violations that are serious and/or repetitive, will result in referral to the Director of Student Life or Dean of Students. Once referred, you will be contacted and scheduled to attend a conduct hearing at an appointed time in the Housing Office, located in the lobby of Residence Towers, 2nd floor. If you have questions about your appointment, please call 928-428-8605 as soon as possible. Hearings are scheduled around your class schedule. It is expected that you attend hearing during scheduled date/time. Failure to keep hearing appointment will not stop consequences/sanctions from activating. Additional sanctions may be applied if you fail to keep appointment.

Code of Conduct violations that involve alcohol and/or controlled substances, will require students to successfully complete a Diversion program facilitated by the Counseling Office to be eligible to continue living in on-campus housing.
Noise:

- Is any sound, human or otherwise, which is disturbing to other individuals of the same room or surrounding community. **Excessive noise** (loud stereos, stereos that emit a heavy bass tone regardless of volume, amplified instruments, parties, loud voices, etc.) **is an infringement on the rights of other residents and is unacceptable.**

- Is of concern in residential communities where many people live in close proximity. Not only does noise affect your residence hall but also nearby classrooms, the Activities Center, and neighboring homes.

- Is reduced by everyone’s compliance with and adherence to Quiet Hours as described in this section

Responsibility:

- Lies with each individual to control noise, AND with those victimized by noise to attempt to contact the offending party and request elimination of the problem.

Violations:

- If the offending party fails to comply with a resident’s request to reduce, report situation to Residence Life Staff.

- Residence Life Staff will notify offending party, eliminate noise, address concerns with student(s), and if appropriate, document the situation with Housing Office.

- Repetitive Noise violations in residence halls not tolerated. To protect other residents rights, appropriate measures taken to provide a pleasant living space conducive to study, sleep, etc., will be provided.
QUIET HOURS

**Daily Quiet Hours in all halls are from 10 PM – 8 AM and should:**

- Provide an appropriate environment for sleep and study.
- Expect all students respect for and compliance with established guidelines.

**Quiet Hours - Guidelines After 10 PM:**

- Radio, TV, video game, and stereo volume heard outside a closed door or window is disturbing to other residents. Use of headphones recommended.
- If your window is open, volume should be at a level that it does not disturb neighboring rooms or buildings.
- Keep conversation and laughter at a low volume.
- Do not slam doors. Enter and exit quietly.
- Do not gather in corridors/community rooms outside rooms/suites. Utilize common areas/ TV rooms of the hall during quiet hours.
- If you are using a cell phone, please keep your voice low. Discourage incoming calls after 10 PM. A late, ringing phone is disruptive for everyone in the hall. Change cell phone to vibrate after 10pm.
- Follow any guidelines as instructed or posted by Head Resident /Hall Staff. Hall staffs are available at any time for residents to report disturbances.

**Courtesy Quiet Hours are in effect at all times. They:**

- Allow residents to sleep, study, relax or host visitors without distracting noise
- Prohibit disruptive noise. At no time direct amplified sound or yelling out of or towards resident’s windows.
- Require residents / students to maintain reasonable quiet in room areas and areas in close proximate of rooms.

**Noise Policy**

The realities of community living dictate that individuals respect community needs for the moderation of noise (regardless of quiet hours). Noise is any sound, human or otherwise, which is disturbing to a resident. In an effort to reduce the amount of noise in the resident halls, communities and suites, Courtesy quiet hours are always in effect.
Quiet Zones are areas immediately outside and adjacent to all Residence Halls on Campus. They include:

- **Immediate areas around all Residence Halls** on EAC’s Campus
- **Parking Lots** and other parking areas adjacent to each Residence Hall on EAC’s Campus
- **Recreational Areas** located near Residence Towers and Nellie Lee Hall
- **All exterior fire exits** in each of the residence halls. Loitering in these areas not permitted.

In Quiet Zones:

- **Courtesy Quiet Hours** are in effect at all times.
- After 10pm, **Quiet Hours** are in effect.
- After 10pm, Sunday through Thursday, and 12am on Fri and Sat nights, there will be no gathering / loitering of residents, students or visitors in established Quiet Zones.
- Noise, gathering, or other disturbances in these areas reduce the ability of residents to study, sleep, etc. in the hall. Please observe these zones and do your part to keep noise to a minimum during hours posted.

*Refer to Section 3, page 4 of the Residence Life Handbook.*

Students expelled from EAC will checkout of their room/suite and leave campus immediately.

- If your violation is severe and there is less than 48 hours remaining before hall closure, eviction is immediate and you are removed from campus.

- Loss of campus living privileges may affect your eligibility to return to campus housing in subsequent semesters.
What you can expect from your Hall Assistant (HA):

- To be a friend
- To be a resource – Someone who will either have answers for you or will know where to get them
- To be a helper – someone who can listen and then ask questions that will help clarify problems and move toward solutions.
- To be accepting of others and appreciate the differences in their beliefs, culture, and lifestyles.
- To be good-natured and consistent
- To hold students responsible for their actions and behavior – to confront community members who are infringing on the rights of others.
- To keep you informed of campus happenings and programs

- To provide opportunities to discuss current issues, programs, and events.
- To help resolve conflicts between suitemates or community members.

What you shouldn’t expect from your Hall Assistant (HA):

- To patrol the halls and communities for Quiet Hours violations – if things are too loud, you are responsible for asking the floor members to please quiet down, and if you still have problems, then contact your HA.
- To always be out in the hall and communities – they have studies and commitments too.
- To solve your problems for you – although assistance will be offered.
- To turn their backs on violations – Hall Assistants are expected to report violations.
- To never make mistakes
Campus living presents many challenges. The first of which is learning to live in such close proximity/quarters with new people. Some of the goals of sharing a room are to create an atmosphere where both your personal and academic needs can be met. It is always nice if a friendship can develop as well! Enhance roommate success by building a foundation of open communication. Start by becoming acquainted with each other so you know what to expect. The questions below will help you start talking. Keep in mind that your roommates and suitemates are not going to be just like you. There will be differences and surprises along the way. You will both need to adjust and compromise a bit at times. Give it a try!

**Questions to ask each other (and yourself):**

- How do you feel about guests dropping by? How often? How late? Weekend visitors?
- What time do you go to sleep? What time do you get up? Are you a heavy or light sleeper? Do you snore?
- How much do you study? When do you study? How quiet does the room have to be for you to study?
- At what temperature do you like to keep the room?
- What kind of music do you like? How loud?
- How clean and neat do you want the room/suite? How do you decide who cleans what and when in the room?
- Which items of your property are OK to borrow? Which are off limits?
- How will you set-up your living space?

**The Roommate Bill of Rights**

- The right to sleep and study free from undue interference in one’s room. Unreasonable noise, guests and other distractions inhibit the exercise of this right.
- The right to expect that a roommate will respect one’s personal belongings.
- The right to a clean environment in which to live.
- The right to free access to one’s room and facilities without pressure from a roommate.
- The right to privacy.
• The right to be free from fear of intimidation, physical and/or emotional harm.
• The right to expect cooperation in the use of “room-shared” appliance and a commitment to honor agreed-upon payment procedures.
• The right to be free from peer pressure or ridicule if a person’s lifestyle choices differ from one’s roommate.
• The right for redress of grievance. Residence life staff are available for assistance in settling conflicts.

**Roommate Agreement**

• If you find that you and your roommate could use some assistance with discussing issues or concerns, your Residence Life Staff can help. He or she can provide you with a “Roommate Agreement” form to be completed. This agreement will focus your discussion on areas of potential conflicts and help you and your roommate(s) establish parameters and guidelines for your room.

**Survival Tips for New Roommates**

• Discuss Questions to Ask Each Other as soon as possible
• Be realistic: Do not expect your roommate to be your best friend and constant companion.
• Continuous close contact can strain even the best friendships
• Keep the lines of communication open
• Discuss potential areas of conflict. Be open to compromise.
• If your roommate is doing something you do not like, talk about it right away.
• Be considerate of your roommate’s privacy.
• Never assume your roommate is just like you. You both have unique differences.
• Take accurate telephone messages
• Always ask permission. Do not just use the iron or eat the cookies, ask first.
• Appreciate your roommate. Never take your roommate for granted
• Avoid being judgmental.
• Be honest, assertive, and stand up for yourself.
• Ask your Residence Life Staff for help. He/she can help mediate conflicts.
Visitation Policies

- Visitation Regulations are in place to maximize safety of our residents and to minimize the chance of unwanted guests entering a hall disturbing the privacy of our residents in their living area or provide access to steal their personal belongings.

- Unlike Residence Towers, Nellie Lee, Mark Allen and Wesley Taylor Halls do not have designated visiting areas in the wings that are separate from the hallway area leading to common bathroom areas from resident’s rooms. Therefore, visitation hours are more limited in Traditional Halls in comparison to Residence Towers. The privacy and security of all residents takes precedence over the rights of any visitor(s).

- Established Visitation Hours are posted in each hall by the Residence Life Staff. Non-residents and all others in violation of established hours are trespassing and notified initially by the student conduct officer.

- Students failing to follow visitation policies/regulations risk visitation privileges. Unauthorized visitors/students in residence halls, hallways, rooms/suites are trespassing. After first notification of trespass, Campus Police is contacted.

Visitation Regulations for Traditional Halls, Lounges and Common Areas

- Visitation Hours posted in each residence hall by Hall Staff. Residents and visitors are expected to follow these hours. The Head Resident in advance of a visit must clear exceptions to hours.

- All visitors must check in at hall office and leave an approved EAC ID or picture ID with date of birth with hall staff.

- Resident(s) must accompany any visitor visiting throughout duration of visit. Non-residents cannot just “hang out” in the hall/ wings / common areas. Parent or legal guardian must accompany visitors less than 18 years of age. This includes siblings.

- Non-resident visitors may enter the lounge or lobby areas of halls after:
  - 8 AM Monday – Friday
  - 10 AM Saturday and Sunday

- All Non-residents of a hall must be out of the Residence Halls entirely by:
  - Time established for visitation end or as directed by Hall Staff
Visitation Policies continued:

- **All visitors must check-in** with hall staff, sign log, and leave a valid picture ID. A visitor who fails to check-in is trespassing. Host is also facilitating a trespass and in violation of visitation policy. **A parent or legal guardian regardless of gender must accompany visitors under 18 years of age.**
- Loitering in corridors, moving from room to room, entering wing restrooms or exiting via windows or fire doors prohibited. Please remain in the room visitor checked-in to visit until ready to leave or visitation hours end.
- **If you are hosting a visitor, your room door must remain open at all times.** Your roommate should always have the freedom to enter the room during Visitation Hours. **Sexual contact/activity not permitted.**
- **As the host, you are responsible for notifying your visitor of all Hall Visitation policies/regulations.** Residents are responsible for visitor checkout prior to the end of visitation hours.

Overnight Guests

- **A resident must get approval for an overnight guest from Housing Office or Head Resident first,** then pay the overnight fee at Fiscal Control, bring receipt back to Housing Office/Head Resident, prior to final approval for guest’s overnight stay. Guests must pay $15 per night, **in advance of their stay.**
  - It is mandatory that hall staff know when a non-resident is staying in a residence hall, in the event of an emergency, evacuation, lock-down or crime. **All guests must check-in with the Head Resident upon arrival to hall.**
  - **A bed space must be available and unassigned in room/suite.** The residents of the room/suite must be agreeable to sharing their hall room/suite space with a guest.
  - In order to stay in your room/suite, guests must be of the same gender and over the age of 18. **If less than 18, guest must be a same-gender sibling and the student and Head Resident must seek approval from the Housing Office. Written, parental permission is required of same-gender sibling guests under 18 prior to approval of stay.** No sibling guest can be under 17 years of age. No opposite-gender sibling may stay in halls.
  - Guest are limited to a **maximum of 4 nights** an academic year with no one continued stay being more than **2 consecutive nights.**
Unlawful Tenants -

- Defined as a student or individual who is residing in a residence hall room or suite without properly securing on-campus residency as described on the “Residence Hall Application and License Agreement.” This student or individual has not applied for on-campus housing, and/or paid a deposit, paid for room or meal plan or has lost on-campus living privileges (ejected). These individuals referred to as a “Squatter,” are stealing campus services that have the effect of adding to the hall operational costs that eventually result as higher hall costs.

- No non-resident student or individual may stay in a residence hall room or suite without following the visitation and or overnight guest policies and procedures described in section 4, page 2 of this handbook.

- Students or individuals visiting and/or residing in an on-campus room or suite that have not checked-in as a visitor or as an overnight guest, are considered an unlawful tenant and are trespassing.

- Unlawful tenants are referred to Campus Police for possible citation and/or arrest for trespassing.

- Hall Resident(s) willingly allowing an unlawful tenant to stay in their room or suite are facilitating a trespass, violating Residence Life Visitation, Overnight Guest, Student Code of Conduct policies and are subject to disciplinary sanctions that include loss of Campus Living Privileges.

- Any activity of an unlawful tenant that is in violation of Resident Life, Student Life, and/or Eastern Arizona College policies and regulations is the unlawful tenant’s responsibility, along with, the hall resident who allowed them to stay unlawfully in their room or suite.

- A hall resident allowing an unlawful tenant to stay in their room or suite is subject to the overnight guest costs to stay in a room or suite in the hall equal to the number of days an individual stayed in the room.
Section 5
Safety and Security
Tampering with fire safety equipment / failure to evacuate:

- Tampering with fire alarms, fire prevention equipment, or disrupting evacuation procedures can result in a maximum penalty of a six-month jail sentence and a $1000 fine; and/or...

- The City of Thatcher Fire Department may charge a student or students a $2000 fine for knowingly causing a false alarm to sound because of a student or students’ failure to follow Residence Life policy/guidelines and/or directions concerning fire safety and procedure as disbursed by Hall Staff.

- Failure to evacuate the Residence Hall after a fire alarm has sounded, not only endangers you and others, but also puts First Responders in danger.

Prior to any emergency, acquaint yourself with emergency exits, location of fire alarm pulls, fire extinguisher locations, and have a basic plan for evacuating the building in the event of an emergency. During hall orientation meetings, evacuation procedures provided by hall staff.

Discovering a Fire:

- Pull the nearest fire alarm or call 911; alert others
- Extinguish a small fire ONLY if there is no risk to you or other residents
- If you attempt to extinguish a fire, maintain an avenue of escape at all times.
- Aim extinguisher at the base of the fire.
- Evacuate the building via the nearest exit; note any posted evacuation notices.
- Report all fires regardless of size to 911, Residence Life Staff, or Campus Police

Fire Safety - Precautions:

- Do not block doorways, windows, hallways, stairways, escape routes or emergency exits at anytime.
- All electrical cords and devices should be Underwriters Laboratories(UL) approved
- Avoid the use of extension cords; power bars a better choice
- Inspect all cords for wear or damage which may cause it to short circuit
- Use power bars with an independent breaker
- Do not use an adapter to plug in additional cords to an outlet
• Do not remove faceplate from electrical outlets or switches. Report broken faceplates, sparking, or shorting as soon as possible to hall staff.

• Do not use any devices with open heating elements. (Ex. Hot plate, floor heaters)

• Keep flammable items such as papers and clothing away from heat sources and electrical outlets

• Do not change overhead light bulbs. Report malfunctions to Residence Life Staff.

• Report any electrical problems as soon as possible to hall staff.

• Christmas lights are allowed under the following guidelines:
  • No live trees
  • Lights must be UL approved
  • Follow “Appliance” guidelines in this Handbook that includes turning off lights when room is unoccupied.

**NO OPEN FLAMES OR COMBUSTIBLE ITEMS ARE ALLOWED IN ANY RESIDENCE HALL!**

This includes any device that produces a flame or intense heat such as:

• Barbecue grills, candles, lighters, (E-)cigarettes, cigars, pipes, matches, incense, fireworks, smoke bombs, propane burners, hotplates, fuel or gas tanks, or firearm ammunition. This list is not all-inclusive. If unsure what is acceptable, refer to hall staff.

**Precautions for Residence Towers Residents**

Residents in Residence Towers must take extra precaution in their communities and suites not to activate the General Fire Alarm unnecessarily (false alarm). Smoke detectors in all living areas are sensitive to many atmospheric changes that activate the alarm unnecessarily. They include:

• Heavy buildup of steam, dampness or humidity

• Smoke from any source(candles, incense, cigarettes, matches, etc)

• Aerosol sprays(room deodorizers, hair spray, etc)

• Chemical vapors (glues, fingernail polish and remover, acetones, oil paint, etc.)

• Heavy accumulations of dust; dust in air caused by bouncing balls, or other unusual activity in suite

• Placing fluorescent lights near detectors (activated by electrical noise)

• Hanging anything on, or tamper with, sprinkler heads located in living areas
In Case of Fire:

- STAY CALM!

- If no alarm is sounding, activate fire alarm pull if there is one in close proximity to your area. Alert others in the building if you can do so safely.

- Follow the evacuation plan described below.

**Building Evacuation** — Residents must evacuate a residence hall during a fire drill or actual emergency. Failure to evacuate when fire alarm sounds could result with injury or death.

- In the event of an alarm, place hand on room door. **If not hot**, open slowly and check to see if it is safe to exit.

- Grab something to cover your face and put on a pair of shoes for protection if possible. Dress appropriately for the weather outside taking care not to endanger self.

- If time permits, open blinds or curtains and turn on lights.

- Feel the door. **If it is hot**, do not open it. Put a wet towel/blanket at base of the door to block smoke, and open your window. Call and signal for help. Dial 911 if you have phone access. Do not jump from windows above 1st floor! Stay low in room and signal with a flashlight, bright cloth, or something to draw attention to emergency personnel so they will know you are in the building.

- If the door is not hot, open slightly and put your hand out into the hall. **If the hallway is hot**, Do not go out! Close the door and follow previous step.

- **If hallway is not hot** and is clear, exit your room, close your door, and evacuate building. **Do not use elevators during an evacuation**.

- **Proceed to the nearest unobstructed emergency** exit or an exit predetermined as your escape route and leave the building.

- **In case you are in a smoke-filled area**, crawl or crouch out of the area. Typically, there will be less smoke closer to the floor.

- **Go away from the residence hall** and proceed to the **Emergency Evacuation Site(EES) - SANDPIT VOLLEYBALL COURT**- so you can be accounted for by hall staff and emergency service personnel.

- Notify Residence Life Staff or Emergency Service personnel if you think someone trapped is in the building, so they can attempt to locate.

- Wait in the EES until the “**All Clear**” is given by Emergency Service personnel, prior to re-entering the Residence Hall.
Residence Towers (RT) was constructed with three specifically designed suites to facilitate those residents with physical disabilities who may require a living area that meets wheelchair/ADA requirements. The facility was built with some of the most fire-resistant materials available for construction, furniture that meets all requirements of the California Code as it pertains to its resistance to heat and flame, and one of the most up to date fire/smoke alarm systems available at the time of construction. Upon request, and as a handicap/physically disabled resident becomes eligible to live in RT, they will be placed in one of these three living areas (6 bed spaces total) based on gender and time of request. All spaces are on a first-come, first-serve basis depending on date of Residence Hall application submission and payment of reservation deposit. Handicap/physically disabled students may request to live in other areas of RT, although access in those areas is not as assessable as those suites designed for that purpose. In any case, since Residence Towers has multiple levels, 1 ground level and a 2nd and 3rd level, with special living areas on each level, it becomes necessary to integrate evacuation procedures that facilitate those residents with special needs in the event of an emergency requiring evacuation of the building.

**Procedures to be followed in the event that the evacuation of Residence Towers is necessary:**

1. When the fire alarm sounds, all residents of RT are required to evacuate the building and meet at a pre-determined Emergency Evacuation Site (EES) where residents are accounted for by Residence Life (RL) staff and emergency personnel.

2. Elevators are not an emergency exit option and not used during a fire alarm and/or evacuation of the building.

3. Emergency stairwells attached to each community are the recommended exit during an evacuation to keep congestion of main stairwell in the courtyard area to a minimum. That will assist the movement of staff and emergency personnel securing the area. All stairwells need to stay clear of blockage and debris at all times by residents and staff. Chairs, bikes and other items placed in these areas may endanger those trying to evacuate and put all residents at risk for potential, unnecessary injury.

4. Residents who use devices that assist them to walk (crutches, canes, etc.), should evacuate as expeditiously as possible. They may request assistance from a fellow resident, staff member, or emergency personnel. They should evacuate the building by using the main stairwell in courtyard area so that assistance is more likely to be available by one of the mentioned parties. Once out of the building these residents should meet at a pre-designated location (EES) and accounted for by Residence Life staff and emergency personnel.
5. Residents who are wheelchair users and reside on the ground level of the building (West 1D), and can exit directly to the outdoors should do so as quickly as possible and meet in a pre-determined area (EES) to be accounted for. Residents of that community, without endangering themselves, should attempt to assist where necessary, those residents that are wheelchair users while evacuating building. (Specific staff, residents, or suite members may be assigned hourly/daily/weekly to assist during evacuations, if that community chooses to make those assignments on their community contract.)

6. **The following procedures should be followed when wheelchair users are assigned to or are on the 2nd or 3rd levels of RT during an emergency evacuation:**

   a. All residents of a community that have a wheelchair user in one of its suites are notified by staff/in writing by RL staff at the beginning of their stay. During an evacuation, all residents of that community should attempt to assist, without endangering themselves, a resident who is a wheelchair user during their residency at RT. (Assignments to Specific staff, residents or suites for hourly/daily/weekly time periods to assist during evacuations. That community may choose to make those assignments on their community contract.)

   b. **All available Hall Staff members assigned are to check for and assist all disabled residents during an evacuation.** All Staff members must have prior knowledge of their location and check on these residents **each time** there is an evacuation, even if there has been a community or community member assigned to assist. **NO EXCEPTIONS!** Normal evacuation assistance should be maintained throughout the rest of the hall along with the evacuation of disabled residents. RL staff will use their best judgment to insure that all residents evacuate safely and in a time efficient manner and, while following instruction from emergency service personnel on the scene.

   c. If assistance from a community member is not available, and no smoke, fire, or immediate danger is apparent, a disabled resident should remain in his/her resident hall suite with the door closed and unlocked. A closed door can provide a safe barrier for many minutes, until an on-duty campus officer/staff member, or emergency personnel can assist them in safely exiting the building.

   d. At the beginning of each semester, the Head Resident will notify all available Campus Police Officers and RT staff members of each of RT’s wheelchair users, the nature of their disability, and their living area/location while residing at RT. A posted floor plan of their location placed in the conference room of the office/lobby area of RT serves as easy reference in the event of an emergency evacuation.

   e. **All available staff members, at the time of an emergency evacuation, will be required to assist in evacuating the building.** Throughout the semester, other specific assignments for evacuation made as they become necessary.
f. Suites with resident wheelchair users are treated with high priority by staff. Suites are to be checked by available staff members during an evacuation to insure evacuation is complete in these areas. If staff evacuation of an area restricted by fire, smoke, or other dangers and resident is unaccounted for, staff member(s) will advise emergency personnel of situation and location of resident as soon as possible.

g. If smoke or fire is noticed by a resident in a wheelchair, and the individual is alone and has access to a phone, he/she can relay this information directly to emergency services (911), and include the phone number they are calling from if a land line.  
Residence Towers address is 900 N. College Ave. in Thatcher, AZ.

h. If no phone is available, resident should hang colorful fabric such as a jacket or blanket out of window and shout to attract attention to their location.

i. Resident should remain in that location until help arrives, although that resident has the right to move to a safer location if possible without risking their safety.

j. If danger is imminent, and it becomes necessary to evacuate, it is the responsibility of the individuals with the disability to request assistance. In general, these individuals risk of potential injury when carried. Carry only in extreme emergency. These residents know best carry technique and should direct volunteers accordingly. These residents should also ask a staff member or Campus Police Officer to relay special information or needs (medication, specific handling instructions, etc.) for evacuation to emergency service personnel as soon as possible. Once outside the building, these residents and their volunteers should meet other residents in a pre-designated area (EES) and accounted for.

Note: Individuals with disabilities are largely responsible for their selves, but may ask for the assistance of a staff member or a volunteer/resident of RT when needed. The above procedures, in the case of fire drills, are followed. It is important to establish these procedures for drills, so easily executed without confusion or endangering the person with the disability, in the event that an actual emergency evacuation occurs. The procedures above are a guideline only in the event of an emergency evacuation and are not guaranteed to cover all possible scenarios. Planning and practicing a possible evacuation by/for disable students, which may eliminate possible confusion/injury during an actual emergency, recommended.
**Hall Entry and Room Keys** are extremely important for your safety and that of everyone else living in the hall.

**Keys are:**

- Your sole responsibility. Report lost or stolen keys immediately to Residence Life Staff!
- Not to be copied or transferred – Either is a violation of Residence Life policy.
- $50 each in Traditional Halls and $62.50 each in Residence Towers, if lost or not returned upon checkout! There is a $10 processing fee for reimbursement of key replacement cost if lost key is located and returned to Housing Office.
- Replaced, if lost during the semester, after paying for a replacement key at the Fiscal Control Office (Cashier) and bringing your receipt to the Housing Office. The Housing Office will arrange to issue you a new key as soon as a replacement is available. Report/return pieces of broken keys to hall staff for replacement.
- To be returned **by you personally** upon checkout. Do not leave key in your room or give it to a friend/roommate. Leaving a key unsecured risks personal safety of residents, enables theft, etc.

**Lockouts:**

- Can be avoided if you carry your key with you at all times
- A duplicate key is not available to someone else in your behalf. The Head Resident/hall staff will come to the room to unlock it.
- Repetitive lockouts (after 2) will result in a $5 fine per incident. Please carry your key at all times to avoid being charged.

**Suggestions for added security:**

- Keep your key with you at all times even when you are just going down the hall to visit another room, going to the shower/restroom, etc. A lanyard or chain around your neck is convenient when you do not have pockets.
- Never loan your key to anyone, not even your roommate – others have their own key!
- Keep your key on an easily identifiable lanyard/chain
- Never transfer your key to anyone other than Hall Head Resident or authorized hall staff.
If you:

- Are the victim of a crime or violation(s) of College/Residence Life policies;
- Have witnessed a crime or violation of College/Residence Life policies;

ELEVATOR USE IN RESIDENCE TOWERS

- Elevators are for the convenience of our residents and staff and used only as a transporting device from one floor to another in Residence Towers.

- Horseplay or rowdy behavior is prohibited while in or operating elevator car.

- Unauthorized tampering of elevator safety equipment, emergency phone, lighting, etc. can lead to equipment failure, which may endanger yourself or other residents. Tampering with elevator equipment is prohibited for you safety and the safety of others.

- **During an emergency evacuation** of building, **elevators are not used.** This includes during fire alarms/drills. There are sufficient stair exits located at strategic locations throughout the hall for use during such evacuations.

- Never overload the elevator beyond its operating capacity.

- During a power failure, Elevator is equipped with a back-up safety system that will take the car to the first floor and open doors so that you can exit safely.

- If trapped in the elevator between floors because of a power failure or mechanical failure, do not panic. Hall Staff can generally open elevator doors from the outside of car without the aid of electrical power. Press emergency bell located on operating panel. If you get no response, there is an emergency phone located just below operating panel that has an automatic dialing feature simply by pressing the button. Explain your situation to party that answers your call and help will be on the way in a few minutes. Do not attempt to open doors and climb out of car from the inside. Power restored while exiting car may cause possible physical harm or even death if car moves suddenly. When Staff or emergency personnel arrive, calmly follow their directions thoroughly.

- Elevators are monitored 24hrs a day by an automated monitoring system, as well as, various times throughout day by Hall staff. Do not block doors open. The automated system will detect it as a problem and dispatch a technician when blocked open with an obstruction.
PROTECTING YOUR PERSONAL BELONGINGS / PROPERTY INSURANCE

Unfortunately, theft of personal belongings from a residence hall room, car and other areas on campus happens from time to time. The following tips can help reduce the opportunities of such crimes from happening to you:

- **Leave expensive items at home when possible.** For example, expensive jewelry, electronic equipment, etc.

- Use the Housing or Student Life Office *etching equipment to put your name, state and driver’s license number on your valuable items* such as TVs, stereos, computers, gaming equipment, etc.

- **Put your name on ALL your belongings where possible.** Even if you suspect someone has your CD, video game, perfume, shirt, etc. It is nearly impossible to prove it without your name or some other unique identification.

- If you do not want to put your name in your textbook for resale purposes, pick a random page number. Go to that page in all your textbooks and make some sort of small pencil mark. Thus, you will be able to identify your book should it be found. **NOTIFY CAMPUS POLICE AND THE BOOKSTORE IMMEDIATELY IF YOU HAVE A TEXTBOOK STOLEN.** They will watch for someone trying to resell it and attempt to retrieve it for you.

- **USE locking doors, drawers, closets, lockers, and your car trunk to keep valuable things out of sight and secure.** Ask your roommate to secure theirs in the same manner because you do not want to be responsible for their belongings in addition to yours.

- If you do not **stay with your clothes while laundered**, use a timer to remind you to check your laundry when done. Leaving items unattended risks theft of those items.

- **Report Lost or Stolen items ASAP** to your Head Resident and Campus Police. The **Lost and Found Office** is in the Dean of Students Office, rm. 114, in the Activities Center at 428-8354.

**PROPERTY INSURANCE CONSIDERATIONS**

- Your parents’ homeowner policy may provide some coverage for your belongings as a dependent student
  - Be aware that the plan may have high deductibles in order to keep the rates low
  - Some policies may require the purchase of a separate rider to cover expensive items
  - Numerous claims can raise the premiums

- If you claim your college address as your primary residence, you may not be covered under your parents’ homeowner policy

- You may purchase separate insurance. The Student Life and Housing Office have pamphlets from insurance services that include costs for a 12-month period. **EAC does not recommend any insurance services, but merely works to provide resources for students.**

**OF COURSE, INSURANCE CANNOT REPLACE YOUR COMMON SENSE AND CAUTION!**
HOVERBOARDS, SWAGWAY, IO HAWKS, SKYWALKERS, AND SIMILAR DEVICES

Residence Hall Policy update, effective 12/29/2015:

"The use, possession, or storage of Hoverboards, Swagways, IO Hawks, Skywalkers, and similar devices, is prohibited in ALL RESIDENCE HALLS and STUDENT/STAFF APARTMENTS until safety standards for them can be developed and implemented, and the prohibition lifted."

If you have any of the items listed above (or similar) in your room, suite, or apartment currently, please remove it immediately.

2. Director of Student Life
3. Resident Hall Head Resident and/or Resident Director
4. Dean of Students
5. Vice President of Academic and Student Affairs
6. Graham County Sheriff’s Office/TPD

Designated College Employee or Organization Responsibilities

2. Notify the Director of Student Life.
3. Notify the Hall Head Resident and/or Resident Director.
4. Attempt to contact the residential student who is missing.
5. Notify the Dean of Students Office as soon as possible.

**College Responsibilities**

Upon receipt of notification that a residential student’s whereabouts are unknown, EACCP initiates their department’s investigative procedures, as appropriate.

If EACCP is unable to locate the resident student within 24 hours of receipt of the initial notification:

1. A designated College employee notifies the residential student’s emergency contact(s).
   a. Residential students provide confidential emergency contact information (e.g., name(s), phone number(s), email address(es) and mailing address(es) to the Residence Life staff upon checking into campus housing.
   b. The residential student’s confidential contact information is accessible only to authorized College and law enforcement officials, as necessary. A student’s confidential contact information will be attached to the student’s housing record.

2. If the resident student is under 18 years of age and not emancipated, a designated College employee must notify the resident student’s custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to emergency contact(s) provided by student.

If non-law enforcement or designated College employees are able to contact the resident student, he/she shall:

1. Attempt to confirm the whereabouts and safety of the residential student.
2. Inform the residential student that EACCP will contact the resident student to verify his/her status.
3. Contact EACCP immediately to provide a status update on the residential student.

**Other College Responsibilities**

The College will:

2. Retain all non-law enforcement (Housing Office) and law enforcement (EACCP) records pertaining to a missing resident student report or investigation.
EACGoodSam Protocol

Encouraging students to alert authorities if a fellow student is dangerously intoxicated/impaired and may need emergency assistance

Student health and safety are the primary concerns of Eastern Arizona College. Students are expected to contact the Eastern Arizona College Police (911) or a Head Resident or Hall Assistant when they believe that an intoxicated/impaired student is in a life-threatening situation and needs assistance. Under the protocol students and/or organizations that seek assistance will not be subject to EAC’s disciplinary sanctions with respect to alcohol and controlled substance policies.

Examples where the good Samaritan approach will benefit you and your friends:

- A student is reluctant to call an ambulance when a friend becomes unconscious following excessive consumption of alcohol or a controlled substance because the reporting student is under the age of 21 and was also consuming alcohol and/or a controlled substance.
- A student is reluctant to call an ambulance when another student becomes ill or unconscious following excessive consumption of alcohol or a controlled substance at an off-campus location because the reporting student is afraid that their friend will get in trouble.
- A residence hall student is reluctant to call the Head Resident or Hall Assistant on duty in a situation when another resident is dangerously intoxicated because they were also in violation of the residence hall alcohol/controlled substance policy and fear they could face residence hall sanctions.
- A student is reluctant to report that they were sexually assaulted because they had consumed alcohol and/or a controlled substance and are under the age of 21.

This protocol does not preclude disciplinary action regarding other violations of the Student Code of Conduct or other policies and procedures such as causing or threatening physical harm, sexual abuse, damage to property, harassment, hazing, etc. Students should also be aware that this protocol does not prevent action by local and state authorities.

PROTOCOL RATIONALE

The health and safety of students are of primary concern at Eastern Arizona College. Therefore, in cases of intoxication/alcohol poisoning or controlled substance overdose, the College encourages and expects students to seek medical attention for themselves or others. Recognizing that the potential for legal and College disciplinary actions is a factor that may deter students from making responsible decisions, the College has instituted the Eastern Arizona College Good Samaritan Program (EACGoodSam).
JURISDICTION AND SCOPE

The Eastern Arizona Good Samaritan Program (EACGoodSam) applies to all students and recognized student organizations at Eastern Arizona College, and is applicable to:

- An under-age student in need of medical attention and/or being cared for by another person;
- An under-age student seeking medical help for or providing assistance for an over/under-aged individual; or
- A 21 year or older student seeking medical help for or providing assistance for an over/under-aged individual.

The EACGoodSam Program pertains to incidents that occur primarily on the College Campus or at a function sponsored by the College. Off-campus incidents would be under the jurisdiction of local law enforcement who are guided by ARS 13-3423, Arizona’s “Good Samaritan” law.

In circumstances involving a recognized student organization, the willingness of the members involved in seeking medical assistance for a member or guest will be viewed as a mitigating factor in the review process for any potential violations of the EAC Student Code of Conduct or criminal conduct as determined by Campus Police.

STATEMENT OF PROTOCOL

In an effort to ensure medical treatment or care is sought for students experiencing and/or supporting a peer in serious and immediate risk of harm due to potential alcohol poisoning or overdose of a controlled substance, the College has adopted a Good Samaritan protocol (EACGoodSam).

The involved students may be exempt from Student Code of Conduct disciplinary sanctions and prosecution related to the alcohol or controlled substance offense; however, the intoxicated/impaired student will be required to meet with the Director of Student Life or Dean of Students, who may issue an educational requirement such as participation in an alcohol/controlled substance education intervention program (i.e., Counseling Office’s Diversion Program). The reporting student may be referred to the Diversion Program if it deemed necessary to provide help to the student if there appears to be a substance abuse problem present.

THIS PROTOCOL SHALL NOT APPLY TO:

- An individual or group in situations resulting in serious physical injury or death.
- An individual who is operating a motor vehicle under the influence of alcohol or a controlled substance and attempting to seek medical treatment or care for an individual.
- Criminal use of illegal drugs.
- An individual or organization that has knowingly provided or facilitated the consumption of alcohol or a controlled substance by individuals over or under 21 years old.
- An individual who has committed other criminal offenses in association with the alcohol/controlled substance-related incident.
- An individual who is contacted by a law enforcement agency other than the EAC Police Department.
HOW DOES THE GOOD SAMARITAN PROTOCOL WORK?

In serious or life-threatening situations, particularly where alcohol poisoning or controlled substance overdose is suspected or where other medical treatment is reasonably believed to be appropriate, students are asked to take the following steps:

1. Call 911!
2. Stay with the person needing assistance until help arrives.
3. Be prepared to give the emergency medical personnel as much information as possible including the amount and type of alcohol or controlled substances consumed.

College officials will record names of intoxicated/impaired students to enable any follow-up that may be deemed necessary to ensure the student’s well-being. Other information may also be recorded to enable any other necessary follow-up to the incident.

Please note- If a student is so intoxicated/impaired they are unable to be awakened, letting that person “sleep it off” is not a safe alternative to getting help!

WHAT HAPPENS AFTER MEDICAL HELP IS PROVIDED?

1. The situation is first evaluated by the Director of Student Life to determine if the EACGoodSam Protocol applies.
2. If the situation qualifies, students involved will be required to meet with the Dean of Students or Director of Student Life.
3. The Dean or Director, after evaluating the situation, may refer the student to the EAC Diversion program provided by the Counseling Department. Students may also be referred to a substance abuse specialist for assessment, counseling, and/or possible referral for treatment.
4. Students who are referred but fail to meet and complete recommendations in their entirety may be subject to additional requirements and/or sanctions as directed by the Dean of Students or the Director of Student Life.

DOCUMENTATION OF INCIDENT

When an EACGoodSam incident occurs and either the Eastern Arizona College Police Department or Director of Student Life/Dean of Students is notified, the names of the individuals are documented in the respective department’s reports with a short synopsis of the incident. The reports are forwarded to the Dean of Students and the Director of Student Life for any possible follow-up with the involved students related to the incident.

EXEMPTIONS

Eastern Arizona College reserves the option to extend multiple exemptions under special circumstances.

FAILURE TO COMPLY

A student who fails to comply with the directives issued by the Dean of Student/Director of Student Life is subject to sanctions as provided in the EAC Student Code of Conduct guidelines.

Welcome to EacMonsterNet, a way for students using their own computers to access the internet on EAC’s Thatcher campus. With EacMonsterNet, we have created an easy process so that you can get connected in about 20 minutes.

At this time, EacMonsterNet is available via wired network ports in the Residence Towers and also wirelessly at the "Hotspots" identified below. Please be aware that although we strive to provide wireless coverage to all areas of the buildings listed, including dorms, sometimes this just is not feasible due to the nature of wireless technology and the architecture of the buildings. As a result, we unfortunately cannot guarantee wireless connectivity in every room of every building.

Room Availability
The 370 spaces in Campus Housing are at a premium, especially during Fall Semester. There is typically a waiting list for the Traditional Halls in the Fall and both semesters for Residence Towers. Assignments are made in the following order of priority:

1. Returning residential students
2. Room Scholarship recipients in Traditional Halls only
3. New students by date of receipt of application and $150 deposit
4. All academically-active part-time students

Room spaces become available continually throughout the year to verify receipt of applications/deposits and check on hall space availability.

Application and Assignment Procedure

1. Apply early because your place on the Housing Assignment List is based on the date of receipt of the completed application and $150 deposit. Attach a check or money order made out to Eastern Arizona College. You may also pay with a credit card by calling the Housing Office at 1-800-678-3808, ext. 8605.

2. Within two weeks of submission, you should receive an email acknowledging receipt.

3. By mid-May (December for Spring Semester housing), our returning students will have completed their reservation process and the Housing Office can determine the number of spaces available for new students.

4. In early June (early-December for Spring Semester housing), a housing assignment email along with roommate preference questionnaire will be emailed to applicant. From that point on, assignment letters are emailed to new applicants to fill spaces as they may come available throughout the reservation period.

5. In early July, check-in informational packets will be sent to assigned applicants. If you do not want your room, you have until July 15 (December 15 for Spring Semester housing) to request a refund of your $150 deposit.

6. Communication will be by email or U.S. mail, and occasionally by telephone. It is your responsibility to access these communications in a timely manner. The Housing Office is available throughout the year to verify receipt of applications/deposits and check on hall space availability.

Campus Housing Waiting List
Do not panic! Waiting lists are a normal part of campus housing. If you are placed on a waiting list, please call the Housing Office at 1-800-678-3808 Ext. 8605 to determine your current status. College students’ plans change constantly and the waiting list can change from moment to moment. Residence hall spaces become available continually throughout the process.

Residence Towers Waiting List
If you are on a waiting list for Residence Towers, you may be assigned to a Traditional Hall (Mark Allen, Nellie Lee, Wesley Taylor) until a space becomes available in Residence Towers. When a space becomes available, you will be contacted by email or by Residence Life Staff notifying you of your status and a time frame in which you are to move into Residence Towers.

If you do not move within the time frame established, or opt to stay in a Traditional Hall, your name will be passed and the next student on the waiting list will be notified. The difference in room cost for Residence Towers must be paid before checking in. The Housing Office can assist you in determining that cost. If you prefer to wait off campus instead of being assigned to a Traditional Hall, please notify the Housing Office.

Damages/Alarms
You will be charged for individual damages/false fire alarms and/or community damages for which the responsible party remains unidentified. You can help reduce your costs by locking room and hall/community doors, limiting visitors, and identifying students causing damage.

Refunds
The $150 deposit is your reservation deposit. If you do not move into campus housing, it will be refunded if:

• You cancel on or before July 15 for Fall Semester or December 15 for Spring Semester; or
• Cancel link: www.eac.edu/campus_life/housing/confirmcancel.shtm
• You have not been assigned to campus housing and ask to be removed from the list.

As you check into campus housing, the $150 converts to your damage deposit. It will be refunded minus any individual or community damages if you move out of campus housing. The damage deposit carries over from semester-to-semester when you reserve your room as a returning student. You will be required to pay any damage costs incurred so that the deposit remains at $150 at all times. It takes three to four weeks after check-out to process a refund. You should not expect the refund to be available at departure.
• Students who cancel a residence hall reservation on or before the day the residence hall opens will be eligible for a full refund of room costs. Students who cancel or move out of a residence hall by the close of registration will be eligible for a 50 percent refund of room costs. There is no refund of housing cost after the end of registration.

• Students must check-out with head resident to be eligible for refund and be released from responsibility for room.

**Payment/Check-In**

The halls open a few days before classes begin. You will be notified of the date by email. Your room and meals must be paid for by this date or you will lose your reservation. If you do not claim your room in person or by telephone by 5 p.m. of the first day of classes, your space will be reassigned.

**Hall Closures**

**Campus Living Privileges**

Behaviors and choices you make may result in the loss of your campus living privileges and/or eviction from EAC’s residential halls due to the safety and security risks it causes for our communities or yourself. You can lose your privileges and/or removed from the residence halls, even for a first offense. Examples include, but are not limited to those listed below:

- Tampering with fire safety equipment or devices. This includes creating false fire alarms, discharging fire extinguishers, and the like.
- Bomb threat
- Possession (including in the body), consumption, or being in the presence of alcohol, whether you are underage OR over 21 years of age.
- Possession, use, or distribution of an illegal drug (including marijuana) or a controlled substance. If it is in your room, your pocket or any other location under your control, it’s yours.
- Possession of a weapon. Includes all projectile weapons/firearms, simulated weapons, dangerous chemicals, any explosive device, swords, brass knuckles, butterfly/hunting knives, paintball guns, pellet/bb guns and any other item or material that can be used to threaten or endanger others.
- Sexual harassment or assault, endangering oneself or others, or acts of violence: physically hurting or causing injury to others, fighting, pushing/shoving, etc.
- Theft and/or burglary
- Malicious destruction of property
- Insubordination directed towards Residence Life Staff
- Behavior detrimental to the reputation and best interest of the College
- Violations of Residence Life, Student Life, and/or Student Code of Conduct Probation

**Financial Implications!**

There are several implications of losing your campus living privileges. Most obviously, you **move out of on-campus housing and need to arrange for off-campus housing**. Perhaps not so obvious, you **cannot visit and/or enter any EAC residence hall** on campus. Finally, **housing costs not refunded after the end of registration** for the current semester, and meal plans refunded only if you completely withdraw from EAC, deposit (minus any damage costs) refunded after the end of registration for the current semester.

As a Residence Life Staff, we want you to succeed. We want your experience here at Eastern Arizona College to be everything you want – within limits. We have defined those limits in your Residence Life Handbook, Student Handbook/planner, and various other publications, which you will receive and have agreed to read when you applied for on-campus housing and when you signed your Check-in sheet. Please read them. And then, as you go about your life in what will be your new home, consider the consequences of your actions. For the most part, it is that simple. Please do not make decisions that require loss of your campus living privileges. Have a great semester!
